Dear Miss Boardman:

It occurred to me while reading the enclosed that you might be interested in this exhibition depicting the inception of the Red Cross.

Of course, the data which you sent to the Electors of the Hall of Fame concerning Miss Barton have been kept confidential by them and by this office. But, do you not think it timely to make the facts known to the Museum of the City of New York?

I have heard many references over the air and on other programs regarding Miss Barton's activities connected with the Red Cross, but I have never refuted any of the statements, first, because of the confidential nature of the material sent to us, and second, I think such statements should come direct from the Association concerned.

Will you be good enough to return the clipping for our file.

With kind regards, believe me,

Sincerely yours,

Assistant to the Director.

Miss Mabel T. Boardman
